

SCHOOL TO REVAMP RECREATION WORK

All-Year-Round Physical Education Instructor to Be Hired.

GET APPROPRIATION

The physical education program organized from top to bottom of the Narberth School will be reorganized from top to bottom. This was made evident by two steps taken at a special meeting of the School Board on Wednesday evening. An instructor of physical education will be selected by the board for all-year work at the school and playground; and a committee of the board was appointed to secure bids for equipment to be used on the school playground.

The appointment of a trained man at a commensurate salary to work out a year round program, including vacation time and Saturdays, is expected to be a big step toward solving the school's recreational problem. Equipment on the school playground, on which the committee has been authorized to secure bids, will be used in supervised play under his direction.

The board also announced that the extra appropriation from the State amounting to \$1630, which had been withheld earlier in the year on account of the Narberth ninth grade going to Lower Merion, had been granted to the school district in recognition of the work being done by the Junior High here.

The appointment of the following teachers was confirmed by the Board for the next school year: Miss Amy J. Enion, Miss Faith E. McAuliffe and Miss Charlotte Eckfeldt, first grade; Miss Florence R. Bishop, second grade; Miss Mae W. Wilkie, third grade; Miss Sara Hoak, Miss Alice R. Miller, fourth grade; Miss Mary L. Hoover, Miss Florence M. Timlin, fifth grade; Miss J. Florence McKay, sixth grade; Miss Ida S. Munro, seventh grade; Miss Margaret A. Gasner, art; Miss Frances B. Fricke, music; Miss Marjorie Church, physical education; Mrs. Ruby K. Perichich, sixth grade assistant and secretary; Miss Ethel Williams, kindergarten.

The following teachers were not candidates for re-election on account of the reorganization of the school necessitated by sending the eighth grade to Lower Merion next fall: Miss Hayes, Miss Tyson, Miss Ross, Miss Eckbert, Miss Cherry and Mr. Cook. Miss Wetherill, first grade teacher for many years, will retire from teaching at the close of this school term.

Local D. A. R. Chapter Hears About Publicity

Mrs. John I. McGuigan, State chairman of publicity of the Daughters of the American Revolution, was the guest of honor and the speaker at the meeting of the Dr. Benjamin Rush chapter, D. A. R., on Monday. "Various phases of publicity" was the subject of Mrs. McGuigan's talk in which she stressed the importance of writing up meetings in a way which would appeal to newspaper readers as news. She also advocated the keeping of two scrap books by each chapter, one devoted to publicity of local meetings, and the other for articles of general historical interest. In this connection a scrap book containing almost a complete record of the publicity of the Dr. Benjamin Rush chapter was exhibited.

Mrs. E. L. Buchey, regent of the Merion Chapter and some of her members were guests at the meetings. At the request of the regent, Mrs. Irwin, who presided, Mrs. Buchey told something of the work of the Merion Chapter.

An interesting account of the presidential inauguration was given by Mrs. Stewart Anderson, who attended. Mrs. B. Earle Auchenbach sang "Voices of the Night," which was set to Rubenstein's "Melody in F," and greatly enjoyed. A social hour with refreshments served by the hostess, Mrs. H. G. Venemann, followed. The meeting was held at Mrs. Venemann's home on Hampden avenue.

HOLY WEEK SERVICES

The Baptist, Lutheran and Methodist churches of Narberth will unite in community services during Holy Week. All the services will commence at 8 P. M.

The schedule of services is as follows: Monday night at the Methodist Church, Rev. Robert E. Keighton in charge; Tuesday night at the Baptist Church, Rev. Cletus A. Senft in charge; Wednesday night at the Lutheran Church, with the service in charge of Rev. Samuel MacAdams. Thursday night a communion service will be held at the Methodist Church, and on Friday "young people's night" will be held at the Baptist Church.

This will be the fifth annual participation of the Protestant churches in Holy Week services.

Japanese "Anngklong" to Be Heard at Service Here

At the evening service this Sunday, March 24, the choir of the Methodist Church will give the first of a series of special musical services. This being Palm Sunday, most of the numbers will be appropriate to that day, but there will also be three instrumental solos of unusual interest.

This service will witness the first appearance in Narberth of Harvey I. Mearns, a musician who had achieved considerable renown as a player of unusual instruments. It would be hard to say which is the best of the three which will be used, but when it is realized that Mr. Mearns has been called upon to repeat his program as many as six times in one locality, and that the last appearance as well as some of the others was before a crowded house, there is every reason to believe that no one will be disappointed.

In addition to accompanying the hymns, the soloist will play "The Palms" on the tubular harp, "Bells of St. Mary's" on the Swiss hand bells, and "The Lost Chord" on the anngklong chimes. The last one is an instrument of Javanese origin, and there is a real treat in store for anyone who has never heard it. There will be no admission charge, and the public is invited, which should mean that the "Little Church on the Hill" will be crowded to the doors.

Spoke on "Trusts"

"Insurance Trusts" were the subject of a talk at the Bala-Cynwyd-Narberth Rotary Club on Tuesday by A. C. Miller, of Narberth. The speaker pointed out that bequeathing money in the form of an insurance trust was the surest way of carrying out one's wishes after death, particularly in providing incomes for various purposes and for the maintenance of a business along the lines desired. Mr. Miller is connected with the Travelers Accident Insurance Company with offices in Philadelphia.

William Barton Wise, Jr.

William Barton Wise, Jr., only child of Mr. and Mrs. William B. Wise, of 208 Avon road, died last Saturday evening while on a visit at the home of the grandparents, Mr. and Mrs. Elmer Hoover, of 118 Fifth avenue, Altoona. Death followed three days' illness of measles and pneumonia.

The child was born June 22, 1927, in Philadelphia, and was a son of William Barton and Grace (Hoover) Wise. The parents survive. The father, who is assistant vice president of the Independence Indemnity Company of America, left about a week ago on a business trip to California and his wife and son came to Altoona to visit at the Hoover home during his stay on the west coast.

Word of the child's sudden demise was telephoned to the father in California, who immediately made plans to return east.

The child was a member of the cradle roll of the Narberth Presbyterian Church.

Funeral services were conducted at the grandparents' home, Altoona, on Wednesday afternoon. Rev. W. L. McClure, Third Presbyterian pastor, officiated. Interment was made in Fairview Cemetery.

Former State Senator Fletcher W. Stites, of Narberth, addressed a meeting of the Community League attended by 400 persons at the Penn Treaty Junior High School, Philadelphia, on Monday evening.

Plan Baby Show for Better Homes Week

A baby show will be held in Elm Hall on April 22 in connection with the Health Day program of the Better Homes Week. Prizes will be awarded the winners of the contest.

The babies entered in the first three classes will be judged on a health basis, the entries to be weighed, measured, etc. The fourth class will be for fancy costume and prizes will be awarded for the best costume. There will be three judges at the contest; 2 doctors and 2 nurses.

Valuable booklets on health, cooking, children's diseases, etc., will be distributed to all attending the Baby Show. There will also be ABC books for the children.

The committee will greatly appreciate it if the mothers who wish to enter their children will communicate with either Mrs. Rowley, Narberth 3919-J, or with Mrs. Gilpin, Narberth 3882, who are in charge of registration.

FAMILY LIFE IN STATE OF CHANGE

Cultivation of Harmonious Relations Stressed by Club Speaker

MAN'S PLACE ALTERED

"Family life is in a transitional state; it is no longer an autocracy but is becoming a democracy," said Karl de Schweinitz, well known sociologist, in his lecture on the Cultivation of family life before the Woman's Community Club on Tuesday, at Elm Hall. "The position of men has changed so greatly in the last hundred years," the speaker pointed out, "for then he was the supreme head as well as husband and father; he had the final decision about the education of the children and acted as their employer as well."

"There has been a fourfold change," the speaker said, "women no longer do as Evelina, the older heroine did, marry a man of their choice with terrible joy and fearful gratitude, but in learning the new way of sharing equality sometimes a basis of conflict arises. This is one of the reasons for divorce thus affording a way by which people may readjust their lives."

"For the first time in history," Mr. Schweinitz continued, "the family has got rid of non-essentials and has found the important thing to be the cultivation of love and affection, the passing on of traditions and the learning to live in harmony with others, while also giving every human being a chance to be themselves."

"Family life in its ideal state has become the center of recreational expression, home the place to go where someone cares and where each member is always bringing some new enrichment into it. In its other aspects it varies the quality of life, for without the family there would be less variety. It will always remain flexible while affording a controlled expression in each life. For today as never before there is a tremendous opportunity in family life for real enjoyment."

Mrs. G. N. Gill also read the club a true story, "The Prisoner I Trusted," a narrative of the redemption of a man's life from one of crime to one of usefulness through love.

Miller Resigns From Narberth School Board—"Thankless Job"

Resigns Post

Col. I. A. Miller, president of the Narberth School Board, who resigned his post at a meeting of that body last Friday. An executive of the Pennsylvania Railroad, Col. Miller is a resident of Merion avenue, Narberth.

Resignation a Surprise to Fellow Members and Citizens

DECISION IS FINAL

Like a bolt from the blue came the announcement of Col. I. A. Miller's resignation from the Narberth School Board at the Board's meeting last Friday night. The resignation tabled until the April meeting, was as much of a surprise to the other members of the Board as it was to the few visitors present.

"Lack of time" resulting in "partial attention" to the job were the reasons given by Col. Miller when first telling his fellow members on the Board of his decision. After being pressed to reconsider, however, Col. Miller came out with the following remarks: "My mind is made up. I am sick of the petty bickerings and innuendoes that have been going on here. This School Board is not going to get anywhere until people learn to let the school and the school board alone. I have never undertaken anything in my life quite so thankless or hopeless. Furthermore, I don't propose to stand on the street corners of Narberth and receive vilifying criticism."

Lack of peace at home due to being "dingdonged on the telephone by meddling women" was another reason advanced by Col. Miller as causing disgust with the job. "My heart is not in the work," he said, "and rather than let it drag along in this fashion, I felt obliged in fairness to resign. My decision has not been arrived at suddenly and it will not be changed."

A resolution was adopted by the Board that Col. Miller's resignation be tabled until the April meeting.

The Recreation Board likewise loses its presidency since Col. Miller's place in that body resulted from his school board membership—two members of the Recreation Board being school board members.

Col. Miller, an executive of the Pennsylvania Railroad, was appointed to the school board three and a quarter years ago to fill the vacancy caused by the resignation of Robert J. Dohard. Elected to the presidency of the board the night he first took his seat, he has held that post up to last Friday, serving three terms as its president.

Penshurst Ayrshires Rank Among Highest in U. S.

By averaging 817 pounds of 4.07 per cent. milk, 33.23 pounds of butterfat during January, the 118 Ayrshires owned by Penshurst Farm, Narberth, ranked ninth among all herds in the United States, tested according to the rules of the Ayrshire Herd Test, reports Advanced Registry Superintendent W. A. Kyle, of the National Ayrshire Breeders' Association at Brandon, Vt.

The productions of the following cows are most creditable: Penshurst Belle, an eight-year-old, produced 1789 pounds of milk, 88.91 pounds of butterfat; Penshurst Eleanor, a four-year-old, with 1819 pounds of milk, 88.21 pounds of butterfat; Champion's Elizabeth, a five-year-old, gave 1488 pounds of milk, 88.00 pounds of butterfat.

Another "Story Hour" to Be Held Tuesday

The "Next Story Hour" for which children have been clamoring ever since Miss Church, the librarian, told them the Indian legend of the coming of spring, is scheduled for Tuesday, March 26, at four o'clock in the Library building.

At this meeting all children from the first grade through the fourth are welcome, and any adults of course, either with or without children, are cordially invited to attend. There will be a story hour two weeks later for the older children, for which details will be given in time for all who are interested to plan to attend.

At the Story Hour on Tuesday of the coming week, Miss Church will tell the story of the "Boy Who Discovered the Spring." This will be the principal story, but she will tell as many others of a similar kind as her time will allow. Also, she will be very glad to repeat any of the stories told at the Story Hour of last week, if there is a request for them.

There has been a very stimulating interest in these story hours and responsive echoes have been heard nearly every day. Miss Church is assisted in this work by Mrs. Thaddeus Bolton, who will be recalled as one of the volunteer assistants in the Children's Department.

Not So Smooth

Anyone who has driven an automobile over the eastern end of Rockland avenue from the railroad to Narberth avenue is familiar with some of the best bumps, ruts and mud holes in this section. Likewise the stress and strain on one's machine, not to mention one's temper, is considerable.

The contrast between Merion's smooth pavements and this slough of despond is not at all creditable to the Borough. True, Narberth's streets on the whole are in very good shape. It has only four unpaved streets and one of these will be paved this spring, a much higher proportion than the Township can boast of.

The Street Paving Bond Issue of 1924 provided for the eventual paving of all the streets then unpaved in the Borough. The agreement by which this work is that the Borough pays 70 per cent. of the cost of paving and the abutting property owners pay the remaining 30 per cent. In practice if the signatures of four-fifths of the abutting property owners can be secured on a petition, the remaining one-fifth can be compelled to stand their share of the cost. Under this system all the unpaved streets in 1924 with the exception of Grove Place, Rockland from Narberth avenue to the railroad, Wynnewood Court and Haverford avenue from Essex to Conway, have been paved.

In order to set the wheels in motion the residents of Wynnewood Court recently prepared a petition signed by the requisite number of abutting property owners and presented it at the March meeting of Council. Sufficient money, approximately \$12,000, is yet available from the Bond Issue and will be partially devoted to this purpose this spring. If the Borough lets a contract for the paving of Wynnewood Court a better rate might be procured if Rockland avenue and Grove Place could be included in the job.

The question of paving Haverford west of Essex will probably hang fire until the tunnel question is settled and the railroad, being the abutting property owner on half the street, decides what it will do in the matter.

In the meanwhile it seems sheer slackness on the part of the property owners on Grove Place and Rockland avenue not to climb on the handwagon and help make 100 per cent. paved streets a reality in Narberth.

Early Flowering Trees
Harbingers of Spring

The following article is specially contributed by Dr. Walter Steckbeck, professor of botany at the University of Pennsylvania, a member of the Narberth School Board and of the Shade Tree Commission. It is the first of a series which will help you to "know your trees." Problems of the Borough Shade Tree Commission will also be discussed.

With the coming of March most of us look for the early-comers among the flowering plants just as we look for certain of our bird friends to return from the South. Plants have a definite time of blooming, which is accelerated by the accumulation of heat units or retarded by continued cold weather. A rather mild winter as the one just ended should indicate the early appearance of the familiar floral friends of the spring. At this time this is the case.

Disregarding the wayward skunk cabbage, which may bloom as early as December or as late as March 1, but this year came into flower January 20, the first real harbinger of spring is the silver maple. This is the tree found on practically every street in Narberth and so convenient for observation. On March 6, when the temperature was rather high, the first flowers of the tree appeared. Following this date the flowers were checked to March 13, when everywhere in our town and surrounding country there was a great outburst of both staminate (male) and pistillate (female) blooms. This latter date is the average recorded for the Philadelphia neighborhood over a period of more than twenty years.

During the last ten years we find the following as the date when the silver maple first came into flower in Narberth: 1928, March 15; 1927, February 24 (few flowers); 1926, March 20; 1925, February 22; 1924, March 15; 1923, March 18; 1922, February 25; 1921, February 18; 1920, March 17. The early flowering of this tree does not always mean an early spring, for a few mild days may mean the liberation of sufficient latent energy to bring forth the blossoms. Frequently these mild days are followed by severe cold as in 1925, and the blooming is checked.

Another of the other early flowering trees is the European hazel, a fine specimen of which bloomed in a garden near Overbrook station March 13. In 1928 this plant blossomed March 27. The European dogwood flowered on the same day as the hazel. This small tree has yellow flowers and not white, as the later and commoner dogwood has. With the hazel and the dogwood came the catkins of the tree and the shrubby alders, both fully ten days ahead of the average.

The red maple came into flower here and there in sheltered spots on March 16, when its average is March 25. The silver or white poplar, the first of this group to greet us, is just coming into bloom instead of ten days later.

Does all this mean an early spring? The next two weeks or a month will answer the question.

KEEPS PACE WITH PROGRESSIVE BANKING—

A LETTER from the American Bankers' Association shows that the Banks of Ardmore, Narberth and Bala-Cynwyd, in instituting the Service Charge Plan, are taking a step which keeps pace with the development of American Banking throughout the country. It reads—

"OVER 11,000 banks in more than 2000 cities and towns and counties have installed the service charge. The practice of making an equitable service charge is going forward at a very rapid rate throughout the country."

An Explanation of
'Average Daily Balance'

An average daily balance of \$100 does not mean that you must have \$100 in the bank each day. If, for instance, you deposit \$225 on the first day of the month and check it out by reasonable stages, by the end of the month—your account will average \$100 for the month.

WE FEEL sure that you will appreciate the fact that your account, by having an average daily balance of \$100, will be carrying its own way. If it is inconvenient for you to maintain such a balance at present, a moderate charge will compensate the carrying of your account until it is possible for you to build it to the required balance.

STARTING May 1st, 1929, a Carrying Charge of \$1.00 will be applied to accounts of less than \$100 in average daily balances.*

An Actual Occurrence

In the Office of the Narberth Bridge Garage

Said an interested member of the firm, partly to himself and evidently puzzled at the excessive modesty with which the various oil companies proclaim the virtues of their products, "I wonder which of all the gasolines is the best?"

The dead silence which ensued for a brief time was broken, when a son of the Emerald Isle pointed across the street to a new pump, recently established by the Atlantic Company, and said, "Theirs is as good as any," and then after a short silence, in tones of great beligerancy, shouted, "And their iles all right too! My Ford bucks and balks every time I give it other than Atlantic Gas and Oils."

Then was fought again the Battle of the Boyne, and regret was expressed that the main contender in that scrap, James II, lacked the pep found in Atlantic Gas.

Spring Officially Here

According to the calendars and almanacs Spring arrived yesterday, but in practice the season has been in existence for more than a week. Records kept by Charles Decker, Main Line weatherman, show balmy temperatures and rainy days last week. The mercury ranged from eight to 18 degrees above normal on every day except last Sunday when it dropped to six degrees under normal. Four days, Wednesday, Thursday, Friday and Saturday, were rainy. The highest temperature was 69 on last Wednesday, with the low mark, 31, attained the previous day.

Woman Juror Brings 3-Year-Old "Excuse"

When Judge Williams noticed Mrs. Charlotte Johnson, of Lower Merion, who was before the Court to ask to be excused from jury duty, he granted her request before it was presented, with the remark: "I see you have your excuse with you." Mrs. Johnson had brought her three-year-old child to Court.

Three Lower Merion jurors and one from Narberth had been excused prior to the opening of Court in Norristown Monday. They are Albert J. Diesinger, manufacturer; James Osmond, Jr.,

Parking Ban Victim

Theodore Vetterlein, of Ardmore, well-known Maine Line society man, was among scores of motorists arraigned before Magistrate Fitzgerald in Philadelphia on Monday, on the charge of violating the ban on parking in the central section of the city. He was fined \$8.50.

Only tires built to stand abuse could be BONDED against abuse..

Ask for this SURETY BOND with your next DUNLOP

WOULD you rather have trouble-free tires, or the biggest tire guarantee in the world? Why not both?

Because Dunlops are built to stand even severest abuse, they are covered by a Bond that guarantees your tires against accidents (like broken milk bottles) and even against abuses (like misalignment).

It's a guarantee that cannot be questioned, a Surety Bond, backed by Dunlop and the American Surety Company.

See for yourself how sweepingly it covers everything. Ask for specimen copy.

Protest Gas Tax

Joseph R. Murphy, district supervisor for the Keystone Automobile Club, has mailed letters to all civic, service and woman's organizations of this section asking their members to send protests "to the legislators of your district asking their co-operation to defeat" the proposed four cent gasoline tax. The club, which encloses a pamphlet expressing its view, holds that the proposed increase in taxes is both excessive and unfair.

THE ARDMORE BROGUE for "young moderns" from six to fourteen

WE, of the younger set, have definite ideas about our footwear styles. Being so much closer to the ground—we can tell instantly what's new and being worn. Right now, it's the Ardmore Brogue—a shoe not too plain or too fancy for a girl of school age... built of brown, pliable elk-skin, with a flexible Shoor-Tred sole... and very reasonably priced. They're doubly smart when worn in sets by big, intermediate, and little sister.

Track and Baseball**Squads Start Practice**

Coaches Warren Cocklin and Albert Adam have called the candidates out for the baseball and track teams which will represent the Lower Merion High School in competition this spring.

Only preliminary limbering up so far has been indulged in by the members of the track squad.

Mr. Cocklin has a good array out for the baseball team, including seven letter men from last year's squad. Nick Lyons, one of the best pitchers from last year's team, is not in school at L. M. now as he went to Mackenzie Prep in the winter, and Richardson and Mike Mulligan, two infielders, have graduated. These are the only losses from last year's outfit. Dick Gallagher is back, ready to take over the catching assignment, and Keith Parks, star pitcher, is getting his arm in shape. Robert Elmore, Captain Charles Haskell, Kent Boutillier, Henry Gane and other regulars face the competition of many youngsters from last year's Junior High team fighting for a job.

The schedule will be completed shortly and the boys will be in shape to start their drive for another championship for L. M.

To Hold Examination

The Civil Service board announces a clerk-carrier examination for the Merion Post Office to be held April 20, 1929. Proper application blanks will be furnished applicants at the Merion Post Office. Applications must be filed with the district secretary prior to April 5.

Funeral Tuesday

The funeral of Crosby H. Cochran, who died at his home, 205 South Narberth avenue, on March 16, was held Tuesday, March 19, at the home of P. H. Curtis, of Mt. Carmel, Pa.
